Work Queue - Orders View

How to access and filter the Work Queue in Merge to access Orders to associate.

1. In Merge, click on the "Work Queue" tab

2. Select "Order" from the drop down for Work Queue

3. Filter sorting of "Assigned To" column to show blank on top (arrow pointing up)

These steps allow the orders that need to be associated, to list at the top.

Patient	Phone	Referred By	Exam Code & Desc.	Order Date	Call Date	Assigned To	Order Status
