Accepted Wellness & Executive Health Plans

Plan Type Overview:

Some patients are covered under employer-sponsored wellness or executive health programs rather than traditional commercial insurance. These plans may provide imaging services and use vouchers as payment.

Key Differences from Traditional Insurance:

Traditional Insurance Plans	Wellness/Executive Health Plans
Issued by insurers (e.g., Aetna, BCBS, Cigna)	Offered through employer wellness programs
Billed directly to insurance	Patients bring a voucher for payment
Broad service coverage	Focus on preventive coverage
May require copays/deductibles	No out-of-pocket cost with valid voucher

What You Need to Know:

- We currently accept certain wellness or voucher-based plans at Washington Radiology
 - Assist Health
 - EHE Health
- Patients must bring their voucher to the appointment. It serves as full payment
