**SCRIPT:** "It appears that your insurance plan is out-of-network. We can offer you self-pay rates as well, if you choose to proceed now with scheduling your appointment."

**OUT-OF-NETWORK\***

- [Solis - Winchester Out-of-Network \(OON\) Insurance List](#)

**What do you mean "out-of-network"?**

**An out-of-network provider is one which has not contracted with your insurance company for reimbursement at a negotiated rate.**

**Some health plans, like HMO's and EPO's, do not reimburse out-of-network providers at all (except in emergency situations), which means that as the patient, you would be responsible for the full amount charged by the provider if they are not in your insurers network. Other health plans offer coverage for out-of-network providers, but your out-of-pocket costs would be higher than it would be if you were seeing an in-network provider.**
